Reuse Flows connected to SharePoint Lists

Eickhel Mendoza

Eickhel Mendoza is a Microsoft Business Applications MVP with many years of experience from various roles. He leads the Business Apps team and oversees all projects related to Microsoft 365, Power Platform, and Web Development.

He is also the author of the book, Power Apps Cookbook from Pack Publishing.

He has contributed to significant community events like the Power Platform World Tour, Global Azure Bootcamp, Microsoft 365 Developer Bootcamp, and Dynamics 365 Saturdays during the last years.
